To Whom It May Concern:

My name is Curtis Fortner; I am the Director of Security for the Perot Group in Plano, Texas. We have had the pleasure of utilizing Mayday in several training sessions with our company.

Mr. Avi Niv is very knowledgeable in the field of Terrorism and I appreciate his no nonsense approach. He will explain in no uncertain terms the blunt truth when it comes to needed information regarding Terrorism. Avi's experience in the Middle East and around the World places him above all of the so-called experts that you see on the evening news. Avi has been asked on numerous occasions to brief security managers from other countries and around the world. In fact, he personally spent several months providing on the job training for Security Officers at our Perot Systems Campus.

I retired from the Dallas Police Department ten years ago and have seen my share of security training offered by other groups. My observation is none compare with Mayday.

Sincerely,

Director of Security
