

CORPORATE MEMO

To: Mr. Avi Niv, MayDay International Services, Dallas Texas.

From: Mr. Gregory D. Lilyhorn, Tenet Healthcare Corporation - Headquarters Office Dallas Texas

Subject: Submitting memorandum for the purpose of recommending the services of Mayday International and, more specifically, their presentation of counter-terrorism training.

Avi is a highly trained, well-organized professional who understands the complex nature and essential skills in providing the highest level of prevention against a potential terrorist attack teaching law enforcement, public safety officials, and corporate security specialist how to predict, detect, and neutralize these threats. Avi "Behavior Pattern Recognition" teaches essential skills at the street level such as screening in crowded environments, identifying indicators of suspicious behavior, and critical response methods, which has proven to be the best defense in deterring terrorist attacks. Avi does his job in a highly professional, competent manner. He provides results that are useful and worthwhile in a practical real world setting. Avi understands American law enforcement and knows how to communicate with the many different subgroups within any law enforcement agency be it; patrol, investigations, technical, tactical, or administration and command. In addition, Avi works well with community leaders, elected officials, corporate executives and the media to provide general understanding of a very difficult topic. He is an excellent communicator and realizes the importance of accurate and effective information. Using his special services will provide professional validation of your current Homeland Security program, along with accurate and thoughtful recommendations for your agency's intelligence programs. I would recommend him to any government agency or private corporation that needs to review and up-grade its counter terrorism program to a higher level.

Please feel free to contact me with any questions or concerns.

A handwritten signature in black ink that reads "Gregory D. Lilyhorn".
